1. WHAT INFORMATION DO WE COLLECT?

Personal information you disclose to us

In Short: We collect personal information that you provide to us.

We collect personal information that you voluntarily provide to us when you register on the Services, express an interest in obtaining information about us or our products and Services, when you participate in activities on the Services (such as by posting messages in our online forums or entering competitions, contests or giveaways) or otherwise when you contact us.

The personal information that we collect depends on the context of your interactions with us and the Services, the choices you make and the products and features you use. The personal information we collect may include the following:

Personal Information Provided by You. We collect names; phone numbers; email addresses; and other similar information.

Payment Data. We may collect data necessary to process your payment if you make purchases, such as your payment instrument number (such as a credit card number), and the security code associated with your payment instrument. All payment data is stored by Paypal. You may find their privacy notice link(s) here: <https://www.paypal.com/uk/webapps/mpp/ua/privacy-full>.

Social Media Login Data. We may provide you with the option to register with us using your existing social media account details, like your Facebook, Twitter or other social media account. If you choose to register in this way, we will collect the information described in the section called "[HOW DO WE HANDLE YOUR SOCIAL LOGINS](#)" below.

All personal information that you provide to us must be true, complete and accurate, and you must notify us of any changes to such personal information.

Information automatically collected

In Short: Some information — such as your Internet Protocol (IP) address and/or browser and device characteristics — is collected automatically when you visit our Services.

We automatically collect certain information when you visit, use or navigate the Services. This information does not reveal your specific identity (like your name or contact information) but may include device and usage information, such as your IP address, browser and device characteristics, operating system, language preferences, referring URLs, device name, country, location, information about how and when you use our Services and other technical information. This information is primarily needed to maintain the security and operation of our Services, and for our internal analytics and reporting purposes.

Like many businesses, we also collect information through cookies and similar technologies.

The information we collect includes:

- *Log and Usage Data.* Log and usage data is service-related, diagnostic, usage and performance information our servers automatically collect when you access or use our Services and which we record in log files. Depending on how you interact with us, this log data may include your IP address, device information, browser type and settings and information about your activity in the Services (such as the date/time stamps associated with your usage, pages and files viewed, searches and other actions you take such as which features you use), device event information (such as system activity, error reports (sometimes called 'crash dumps') and hardware settings).
- *Device Data.* We collect device data such as information about your computer, phone, tablet or other device you use to access the Services. Depending on the device used, this device data may include information such as your IP address (or proxy server), device and application identification numbers, location, browser type, hardware model Internet service provider and/or mobile carrier, operating system and system configuration information.
- *Location Data.* We collect location data such as information about your device's location, which can be either precise or imprecise. How much information we collect depends on the type and settings of the device you use to access the Services. For example, we may use GPS and other technologies to collect geolocation data that tells us your current location (based on your IP address). You can opt out of allowing us to collect this information either by refusing access to the information or by disabling your Location setting on your device. Note however, if you choose to opt out, you may not be able to use certain aspects of the Services.

Information collected through our App

In Short: We collect information regarding your mobile device, and Facebook permissions when you use our App.

If you use our App, we also collect the following information:

- *Mobile Device Data.* We automatically collect device information (such as your mobile device ID, model and manufacturer), operating system, version information and system configuration information, device and application identification numbers, browser type and version, hardware model Internet service provider and/or mobile carrier, and Internet Protocol (IP) address (or proxy server). If you are using our App, we may also collect information about the phone network associated with your mobile device, your mobile device's operating system or platform, the type of mobile device you use, your mobile device's unique device ID and information about the features of our App you accessed.
- *Facebook Permissions.* We by default access your [Facebook](#) basic account information, including your name, email, gender, birthday, current city, and profile picture URL, as well as other information that you choose to make public. We may also request access to other permissions related to your account, such as friends, checkins, and likes, and you may choose to grant or deny us access to each individual permission. For more information regarding Facebook permissions, refer to the [Facebook Permissions Reference](#) page.

This information is primarily needed to maintain the security and operation of our App, for troubleshooting and for our internal analytics and reporting purposes.

Information collected from other sources

In Short: We may collect limited data from public databases, marketing partners, social media platforms, and other outside sources.

In order to enhance our ability to provide relevant marketing, offers and services to you and update our records, we may obtain information about you from other sources, such as public databases, joint marketing partners, affiliate programs, data providers, social media platforms, as well as from other third parties. This information includes mailing addresses, job titles, email addresses, phone numbers, intent data (or user behavior data), Internet Protocol (IP) addresses, social media profiles, social media URLs and custom profiles, for purposes of targeted advertising and event promotion. If you interact with us on a social media platform using your social media account (e.g. Facebook or Twitter), we receive personal information about you such as your name, email address, and gender. Any personal information that we collect from your social media account depends on your social media account's privacy settings.

In Short: We may use cookies and other tracking technologies to collect and store your information.

We may use cookies and similar tracking technologies (like web beacons and pixels) to access or store information. Specific information about how we use such technologies and how you can refuse certain cookies is set out in our Cookie Notice.

5. HOW DO WE HANDLE YOUR SOCIAL LOGINS?

In Short: If you choose to register or log in to our services using a social media account, we may have access to certain information about you.

Our Services offers you the ability to register and login using your third-party social media account details (like your Facebook or Twitter logins). Where you choose to do this, we will receive certain profile information about you from your social media provider. The profile information we receive may vary depending on the social media provider concerned, but will often include your name, email address, friends list, profile picture as well as other information you choose to make public on such social media platform. 6. HOW LONG DO WE KEEP YOUR INFORMATION?

In Short: We keep your information for as long as necessary to fulfill the purposes outlined in this privacy notice unless otherwise required by law.

We will only keep your personal information for as long as it is necessary for the purposes set out in this privacy notice, unless a longer retention period is required or permitted by law (such as tax, accounting or other legal requirements). No purpose in this notice will require us keeping your personal information for longer than the period of time in which users have an account with us.

When we have no ongoing legitimate business need to process your personal information, we will either delete or anonymize such information, or, if this is not possible (for example, because your personal information has been stored in backup archives), then we will securely store your personal information and isolate it from any further processing until deletion is possible.

7. HOW DO WE KEEP YOUR INFORMATION SAFE?

In Short: We aim to protect your personal information through a system of organizational and technical security measures.

We have implemented appropriate technical and organizational security measures designed to protect the security of any personal information we process. However, despite our safeguards and efforts to secure your information, no electronic transmission over the Internet or information storage technology can be guaranteed to be 100% secure, so we cannot promise or guarantee that hackers, cybercriminals, or other unauthorized third parties will not be able to defeat our security, and improperly collect, access, steal, or modify your information. Although we will do our best to protect your personal information, transmission of personal information to and from our Services is at your own risk. You should only access the Services within a secure environment.

8. WHAT ARE YOUR PRIVACY RIGHTS?

***In Short:** In some regions, such as the European Economic Area, you have rights that allow you greater access to and control over your personal information. You may review, change, or terminate your account at any time.*

In some regions (like the European Economic Area), you have certain rights under applicable data protection laws. These may include the right (i) to request access and obtain a copy of your personal information, (ii) to request rectification or erasure; (iii) to restrict the processing of your personal information; and (iv) if applicable, to data portability. In certain circumstances, you may also have the right to object to the processing of your personal information. To make such a request, please use the [contact details](#) provided below. If you are a resident in the European Economic Area and you believe we are unlawfully processing your personal information, you also have the right to complain to your local data protection supervisory authority. 9. CONTROLS FOR DO-NOT-TRACK FEATURES

Most web browsers and some mobile operating systems and mobile applications include a Do-Not-Track ("DNT") feature or setting you can activate to signal your privacy preference not to have data about your online browsing activities monitored and collected. At this stage no uniform technology standard for recognizing and implementing DNT signals has been finalized. As such, we do not currently respond to DNT browser signals or any other mechanism that automatically communicates your choice not to be tracked online. If a standard for online tracking is adopted that we must follow in the future, we will inform you about that practice in a revised version of this privacy notice.
